Light Through A Storm; Love, Laugh, Lead. Court Support For The Laymen At Law...Birdman^j^ Founder

### THE LIVE ZONE

Living The Dead Zone

Imagine if you will... a world given over to greed and corruption! A world where Power Elites have assumed control, with a vast need to rule the world and abundance carry's no price tag; or does it pay the price of death? Rulers have always needed slaves or subjects, taxpayers and soldiers to grease their wheels of self desires. Merchants are the barons who want customers and laborers, preferably cheap and expendable... Then Clergy of mammon who need worshipers and contributors. Like the world they dream in, is plagued by every evil ilk. YOU'VE CROSSED OVER TO THE DEAD ZONE!!!

The Rulers pilfer power over wealth that merchants desire over

the animal poor. The Clergy breed reverence

to calm and design the flock of subjects that breed production and continue to grow. Power Wealth and Reverence are the mechanisms of a New World Order, with only one flaw; self-centeredness grows into the mass building of the slave population poised for heavenly glory!!!

But you have chosen the living world, the world we create under God and Creation. A world that the ilk and sin have long sought to destroy and us along with it!!! It's our duty to Holy Priesthood to welcome our King in a world void of pain, strife, stiff's and stooges. It's our goal to build a perpetual

Love, Laugh, Lead nexus to our eternal home. To put our feet back on solid ground, Live and Learn grace given eternity. SJCA's are selfless on a mission to recapture stolen wealth with moral values. To teach the laymen how to survive to build stronger character. To build a protective platform for judicial reform into a positive future. I Kevin Francis Ramey founded this multi-faceted platform to bring world court systems onto cyber space where a court appearance is a PC or Smart Phone call away. SJCA's will be that platform to protect the living from a dead and disarray mission towards self-defeat!!!! In essence not a get out of trouble/sin free card as I Am before us paid that price to see us free by choice to Love, Laugh Lead... Christ is our guide to weave through the tangled web of law made to con-fuse which breeds criminal minds and civil defeats with destruction.

Knowledge of the right elements, such as evidence is essential to all living We The People, a blessed and chosen people, dealing with decay and various aspects of law. A proper and competent Judge on the bench, with a sworn duty, solemn responsibility to keep due process and equal process alive, through justice administered, admissibility of evidence offered for or against the accused by an injured party or Corpus Delecti. The judge fairly and intelligently protect the rights

of both the injured or accused. A judge can't fulfill the duties if there is no evidentiary principles maneuvers to apply them improperly through ignorance, arrogance which can produce accidental misfortune over a incompetent victims of family violence and destruction. SJCA's will embed moral principals of law with outreach and support to build strong determined protectors of life. The services freely given to all SJCA memberships will also include many benefits where we wont ask what's in your wallet...

Whether you need a strong consulting advocate, assistance of council or perhaps just a great education and part of a supportive system second to none; Sui Juris Court Angels will have many opportunities for life, liberty and pursuit of happiness!

We will deal with the poverty by working to build several new innovative jobs and opportunity into positive future close at hand. No profit assistance for the rich and poor will achieve equal protection as SJCA's works on behalf of the living to navigate out of the dead zone and into life, A life of recovered abundance that will consume the costs through tough negotiations with intellectual contracting with attorneys of the BAR; of foreign design and develop non-bar attorney's, Lawyers and Counsel of which I am through many years of blood, sweat and tears.

Misfortune can build a strong character that when combined with self-determination bring growth so strong and powerful it o win to move win/win to exterminate all sinful desires. Once sin is exterminated, we'll have no need for law to grow with as we will have achieved our divine destination as children of Christ.

What you have access to here individually is a platform to propel in education of step by step processes applied with no charge into restoring what was taken from us when two loving parents united to procreate a living man/woman and give private property such as your natural name given not long after life began. Mine is kevin-francis; ramey by blood/dna am of French/Irish/Scottish/Native American/African American decent. It is what it is and we are what we are to achieve who we are. I have a perfected process to reclaim your private property, including your offspring; Husband and Wife, Father and Mother who through a genuine act of love continue the circle of life. This is our most valuable resource to be guarded with Supernatural providence, only obtained by determined faith through obedience. Tempered to build a better world for You and I.

Look around and see what you shall see as we grow together. Send me your ideas or thoughts on this subject matter. I want to see what you see... but this forum into the courts is our eternal future.

"In olden times various methods were employed in attempting to determine the truth of accusations and charges brought against persons, both civil and criminal matters. Most of these primitive methods of "trial" seem fantastic and barbaric today, and in fact were found unreliable and ineffective even before the present judge-trial-jury system was developed several centuries ago in England. The jury idea, conceived as a group of persons gathered to administer justice according to existing custom, had been in use in one aspect or another throughout northern Europe from time immemorial. But it was not brought to any semblance of its modern form until about the time of Magna Charta, in which the right to jury trial by one's peers was express recognized and guaranteed, although following that time there were periods of interruption in its use."
